

Our goal is to empower our customers with secure, compliant, and innovative fee-based payment solutions.

Absorbed Fee (Traditional) Payment Processing

- A standard processing model for merchants that prefer to absorb all the processing fees.
- Supports all Card Association interchange fees.
- Pricing options – Pass Thru Plus, Tiered or Flat
- Supports gross and daily discounting settlements.
- Separate fees for card present and card-not-present transactions.

Service Fee Payment Processing

- Specific Card Association payment model for Governmental and Higher Education
- A revenue-neutral, no transaction fee payment model.
- Qualifies for all card present and card-not-present transactions.
- Fixed or Variable Rates charged to the debtor
- Card Brand Registration provided by processor

Surcharge Payment Processing

- Fees are only charged on credit cards
- Merchant can charge up to 4%
- Registration required with the Card Brands
- Prohibited in four states
- Available for card present and card-not-present transactions

Site & User Fee Payment Processing

- Program specifically for eCommerce or other integrated software solutions
- A revenue-neutral, no transaction fee payment model
- Not to be used for card present or over-the-counter transactions
- Option for Emerging Markets – Property Management, Associations, HOA's
- Credit and Debit Cards can be assessed the fee

Convenience Fee Payment Processing

- Specific Card Association program for card-not-present transactions
- Fee amount is deposited with the invoice/original payment amount
- Not to be used for card present, over-the-counter or recurring transactions
- Fee amount must be a Flat rate
- Merchant must provide an alternative payment option that does not charge a fee

Our SaaS based, PCI DSS Level 1 compliant, cloud-based payment suite is extremely secure, and fully scalable to grow alongside your business.
