We Play Well with Others

Our API allows the integration with existing back-end systems, so you don't have to change it. Don't have an existing payment acceptance solution? No matter how small or large your organization, we will customize a solution that works the way you do and grow with you.

Integrations By Solution

Non-Integrated
- Online Payment Page
- One Terminal
- Donation Page
- IVR
- Mobile App
- OneTax
- Text to Pay

Semi-Integrated
- Lightbox
- Hosted Web Forms

- PHP
- PERL
- CFML
- RUBY
- C# .NET
- VB.NET
- Node.js
- Any Additional Languages

Terminal Untegrations
We understand that some of our merchants will need to accept payments in-person without a computer or workstation. For you, we offer our line of integrated credit card machines.

Recent Intergrations

IntelliPay has integrations with many leading software vendors and packages. Here is a partial list of our most recent integrations. As this list continually grows, please check with your sales representative for our most recent integrations.

Caselle	Tyler Munis	G-UTS
Ungerboek	SisriDynix	
Healthspace	Texas Pure	
Crywolf	BillTrax
