

Need something that will accelerate your receivables? Our virtual One Terminal enables your customer service reps to take ACH and Credit/Debit Cards in real-time, thus accelerating your review. In addition to one-time payments, this terminal allows you to set-up recurring or custom payment plans for customers that owe large balances or want to make automatic payments.

The screenshot shows the 'Step 1 - Enter Customer and Payment Information then click Next' screen. Callouts on the left point to: 'Customizable & Brandable Banner' (top logo area), 'Configurable Custom Fields' (Resident ID, Size Number), 'Make any Field "Required"' (Resident ID field), and 'Capture Emails & Phone Numbers' (Email and Phone fields). Callouts on the right point to: 'Supports EMV, Swiped, and Hand Keyed Payments' (EMV, Key Card Info, Swipe Card options) and 'Configurable for all of our fee-based options - absorb fee, or Service, Site, Surcharge or Convenience Fee Processing' (Create Payment Schedule checkbox).

### Key Features & Benefits

- Key, swiped, or hand-keyed payments
- Supports unlimited users
- Cash payment tracking
- Automated email receipts
- Bank agnostic (no change required)
- Capture unique ID (account or invoice number)
- Centralized, real-time reporting
- Logo & color brandable

Our SaaS based, PCI DSS Level 1 compliant, cloud-based payment suite is extremely secure, and fully scalable to grow alongside your business.
